### Projects of Note

**Dawn of the Deaf Dir. Rob Savage (2016)**

Production Designer

Short Film

Continuing my working relationship with Rob Savage, and Shadowhouse productions, we made this multi narrative short featuring all deaf lead characters. Selected for over 30 film festivals including LSFF, BFI LFF and Sundance Film Festival. Nominated for best short in over 10 of the festivals, it won at least 2.

**Absence Dir. Rob Savage (2014)**

Production Designer

Short Film

Absence was a short film directed by BFI endorsed up and coming director Rob Savage. It stars Paul McGann (Withnail & I) and was selected to feature in the London Film Festival as well as LSFF, British Shorts Film Festival, Raindance and the Cambridge Film festival amongst others. It has also recently been nominated for a National Film Award in the Shorts category.

**Aquilo - Losing You/I Gave It All Dir. Eoin Glaister (2015)**

Art Director

Music Video

A duo of promos, that told the same story from two different peoples perspectives. Shot on the cliffs of Kent, this video went on to win Best Budget Video at the 2015 MVAs.

**Are You Albert Dir. Dan Hodgson (2013)**

Short Film

Great short filmed mostly in a disused retirement home, though obviously you wouldn't know it was disused, featuring a psychotic grandmother. This was featured in LSFF, St Albans, Foyles (Oscar qualifying) and also won an award at Emden-Nordenay in Germany.

**Winner - Exit Trailer Film (2015)**

Music Trailer

This was a intense dramatic "trailer" for a non existent film, launching the next stage of Winners musical career. Winner are one of the biggest K-Pop boy bands in the world, and literal winners of the YG show (Koreas X Factor sort of). To be presented as one short version then 5 individual trailers for each member, so far the three that have been released have had over 2.5 Million views on Youtube.
