National Procurement Opportunities through NJPA

National Procurement Opportunities through MAPC*

Opportunities through both

*The Metropolitan Area Planning Council (MAPC) has made vehicles and equipment available on the Commonwealth of Massachusetts VEH102 contracts. These contracts are available nationwide to any public-sector entity that has procurement policies in place that allow it to piggyback off the contract.

**The five EVSE vendors with awarded contracts through NJPA are AeroVironment, ChargePoint Inc., Greenlots, Liliypad EV, and Siemens Industry. Click [here](#) for more information.
