On August 1, 2016, the Texas Department of Insurance issued a Certificate of Authority for our proposed life insurance company subsidiary, Texas Republic Life Insurance Company ("TRLIC"). We have capitalized TRLIC with \$3,000,000 which we paid from our cash reserves.

Our management along with our consulting actuaries are working to develop TRLIC's initial products. Once the development is complete, our products will be submitted to the Texas Department of Insurance for their approval. In accordance with our original business plan, TRLIC's products will include individual plans, bank products and annuities. These products will be innovative and competitive in the marketplace. The initial products are being designed to provide security through life insurance death benefits; however, the primary focus of the initial products will be to provide living benefits. The initial insurance products consist of a modified whole life policy with an annuity rider and an accidental death and dismemberment policy.
