NORTHWEST SNOWSPORTS ADVOCATES NEWS: NWSA informs the skiing public about ski area development issues in Oregon and Washington. This site also provides an opportunity for skiers to take an active role in helping ski areas get US Forest Service approval of their master plans. It's easy and your help is always needed! See www.nwskiers.org/NWSA/NWSA.htm.

In PNSAA (Pacific Northwest Ski Areas Association) news, longtime president Scott Kaden has announced he is stepping down September 15 to pursue additional, formal education on a full time basis.

Under Kaden's leadership, the PNSAA has enjoyed numerous accomplishments over the past 12 years. Most notably, he improved the financial health of the PNSAA, ensuring the Association has the resources needed to maintain full operations, even in the event of a crisis. He significantly elevated the quality of the educational programs, seminars, and conferences produced by the Association and hosted in conjunction with the National Ski Areas Association, reflected by strong and consistent attendance at each event. Kaden also improved ski industry relationships with key U.S. Department of Agriculture, Forest Service personnel in the Pacific Northwest and in Washington, D.C., particularly in the areas of master development planning, NEPA documentation and compliance, and special use permit administration. His personal successes involved PNSAA special projects, which included the creation of the Association's first mountain safety video. He also worked directly with PNSAA member ski areas and snow sport suppliers on strategic initiatives.

"Scott has been an extraordinary leader of the Pacific Northwest's ski industry association," said Dave Rathbun, Mt. Bachelor, Inc. President and General Manager and chairman of the PNSAA Board of Directors. "His professionalism, attention to detail, and knowledge of the Northwest ski industry are precious assets we will surely

miss. We wish Scott the very best as he pursues his new goals.”

“I appreciate the opportunities I have been given at the Association and the guidance and support the PNSAA Board of Directors has shared with me during my time as president,” Kaden commented. “I have great respect for the businesses that constitute the PNSAA membership, and I know I will miss daily interactions with the ski industry.”

A successor is yet to be announced. NWSCC will truly miss its interactions with Scott Kaden. We wish him the best, and hope to be able to work with him at some time in the future.

FROM FWSA NEWS:

Ski Industry Anniversaries: Powder Mountain and Snowbird celebrated 40 years of skiing this year, while Big White Mountain Resort, and Sun Peaks celebrated 50 years of operation this season. Also celebrating a 50th anniversary is the NSAA (National Ski Areas Association) Journal. And, let us not forget about the Golden Gate Bridge, which turned 75 in May. Happy birthday to all!

Athletic Scholarship Fund Oral Auction: The bidding wars were hot and heavy, and the beneficiary was our own Athletic Scholarship Fund at this year's convention. Donations of two packages from Whitefish Mountain Resort and Grouse Mountain Lodge led to heavy bidding and a record total of \$2,650 from these 2 incredible packages. The raffle brought in \$1,435, and the U.S. Ski Team articles (jacket and travel bag) brought in \$350. The total raised during convention was \$4,435.

Not to be outdone, **Skiyente Ski Club of Portland, OR, is to be congratulated for raising \$1,504 for the Erin Nicole Award** that is presented annually on their behalf to the top junior woman ski racer from the Pacific Northwest. This is the largest single scholarship thus far raised in the partners program!! {Editor's note: Way to go, Skiyente!!!}

Far West Skier's Guide: The 2012-2013 Far West Skier's Guide will be our 25th Annual. How time flies! We invite you to be a part of it as an advertiser. From the NATIONAL SKI CLUB NEWS:

NEW YEAR-ROUND SKI AREA FOR B.C.?

The British Columbia government has approved development of the Jumbo Glacier Alpine Resort, which could become the country's first year-round, glacier-based ski resort, barring environmental appeal delays. The resort will be located in the Purcell Mountains 40 miles west of Invermere, B.C., and not far from Panorama resort. The \$1 billion development was initially proposed in the 1990's. Since then, the project had passed all necessary regulatory and environmental hurdles. At build-out, Jumbo Glacier will

boast up to 23 lifts, a gondola, and more than 6,000 condos. That would make it about one-third the size of Panorama. The first phase will include a gondola and T-bar.
