ANCHOR

TYPE: WITBIER WITH BRETTANOMYCES
CREATOR: GABE

Beer Description:

This Belgian witbier begins with equal parts malted wheat and pale barley to create its traditional cloudy white appearance. The addition of Brettanomyces gives ANCHOR its trademark "green apple" or "horse blanket" aroma and lends tartness to the flavor and finish. And it's got a bit more kick than most wits.

BEER LINE:

"Raise your Anchor"

Creator: Gabe

Since joining MSBC in 1998, Gabe has worked and mastered the complete gamut of jobs in our brewery. As Head Brewer, he uses his accumulation of brewing knowledge and experience to continually conceptualize and create amazing beers. With oak-barrel aging, a multitude of yeast strains and a plethora of processes in his back pocket, Gabe is now experimenting with Brettanomyces and other "bugs". This beer combines his long-standing favorite beer style, witbier, with his new BFF, Brettanomyces. Raise your Anchor!

SONG INSPIRATION:

"Through churning waters and midnight skies
You were my anchor."
