Midnight Sun crafts some of the most sought-after beer in the world. This ongoing and ever-growing line—called Alaska's Most Wanted—includes creative successes from our themed beer series as well as amazing one-offs. The beers in this line-up will be produced and released as time and tank space permit but they will be repeated.

We hope you love our extra special brews as much as we do. A gracious thank-you to our long time "every weather" Alaska fans for years of love and support. And an open-armed welcome to the new aficionados who are just discovering our very characterful beers.

GLUTTONY

TRIPLE INDIA PALE ALE

ALASKA'S MOST WANTED

*Gluttony was first brewed in 2007
as part of our 2007 Deadly Sins series.*

10.5% ABV ■ 200 IBUs

Gluttony is the overpowering desire to consume much more than one requires.

Gluttony Triple IPA overindulges the palate with profound malt, powerful hops and abundant body. Its deep decadent golden orange color presents an appetizing invitation for extravagant enjoyment. Its aroma entices with citrus, pine and alcohol while the flavor provides a smorgasbord of sweet malt, fresh tangerine/grapefruit and a resinous hop character that lingers well beyond the finish.

More than a mouthful.
