

proudly presents its

ALASKA'S MOST WANTED

LINE ■ UP

Midnight Sun crafts some of the most sought-after beer in the world. This ongoing and ever-growing line—called Alaska's Most Wanted—includes creative successes from our themed beer series as well as amazing one-offs. The beers in this line-up will be produced and released as time and tank space permit but they will be repeated.

We hope you love our extra special brews as much as we do. A gracious thank-you to our long time "every weather" Alaska fans for years of love and support. And an open-armed welcome to the new aficionados who are just discovering our very characterful beers.

**designed | named | brewed | enjoyed
by the creative and passionate folks of
Midnight Sun Brewing Company**

PRIDE

BELGIAN-STYLE
PALE ALE

*ale aged in
Chardonnay oak barrels
with Brettanomyces*

ALASKA'S MOST WANTED

*Pride was first brewed in 2007
as part of our 2007 Deadly Sins series.*

6.5% ABV ■ 40 IBUs

**Pride is the excessive belief
of one's own abilities or achievements.**

Pride Belgian-style Strong Pale Ale boasts a glorious deep gold color and an arrogant head. Plentiful pale malt creates beautiful, agile body. Assertive hops and Belgian yeast achieve charismatic floral and spice notes in aroma and flavor. But Pride's predominant and unique character comes from its exposure to Brettanomyces in French oak Chardonnay barrels. At once refreshing yet earthy and musty, Pride is unlike most beers on earth. And its bitter, lingering finish demands another sip.

I before U except after me.

22-OZ BOTTLES and LIMITED DRAFT

Visit midnightsunbrewing.com for release dates.

Other beers in this series include:

Berserker Imperial Stout
Brewtality Espresso Black Beer
