Plasti-Grip® ci Prong washer

Use with Grip-Deck® screws to attach continuous rigid insulation (ci)*

*SPECS:
- Pre-spotting prongs for on-the-wall fastener assembly
- Round 1 ¾” diameter plastic tapered plate
- Compatible with nails and screws
- Flexible design will flatten without tearing facer
- Additives for extended UV exposure
- White in color
- Optional EZ-Driver or Bullseye® auto-feed system for rapid installation

*For applications where rigid insulation is being used as the air barrier, use Thermal-Grip® ci Prong washer for superior air barrier performance

*Patented or patent pending
