G.R. 65
A Resolution To Censure President Bryant

Whereas a personal statement in the form of a public proclamation was issued and distributed en masse by the Office of Graduate Student Government President, Tyrese Bryant, avowing disapproval of comments made by Clemson Head Football Coach Dabo Swinney,

Whereas Graduate Student Government President, Tyrese Bryant, dismissed personal ownership of this statement by not signing his name to said public statement,

Whereas the communication was sent on behalf of the Graduate Student Government and read “The Clemson University Graduate Student Government, after much reflection, find your recent public remarks concerning the actions of Colin Kaepernick to be unfortunate in light of recent racial turmoil nationally and at Clemson.”

Whereas the Graduate Student Government Senate or Senate Steering committee was not informed and thereby unable to affirm or nullify the content of the President’s remarks issued on behalf Clemson’s Graduate Student Body,

Therefore, be it resolved by the Clemson University Graduate Student Senate assembled,

That the Senate censures Student Body President Bryant for his actions and henceforth encourages him to exercise better stewardship of his office.
