A Bill to Fund Capital Improvement Projects

Whereas, all requirements were met in the “GSG Urban Farm” proposal to install a “tower garden” in the student union to allow students to plant seeds and provide aesthetically pleasing and educational addition to the Graduate Student Center, and

Whereas, the Finance Committee recommends the “GSG Urban Farm” proposal be fully funded in the requested amount of $1200, and

Whereas, all requirements were met in the “Pilot Exercise Facility at the Clemson Research Park”, to provide an exercise facility for graduate students at the Clemson Research Park, and

Whereas, the Finance Committee does not recommend the “Pilot Exercise Facility at the Clemson Research Park” proposal be funded at this time, and

Whereas, GSG has budgeted a maximum of $7,500 to be allocated to capital improvement projects for the 2016-2017 fiscal year.

Therefore, be it enacted by the Clemson University Graduate Student Senate assembled,

That $1200 be allocated to fund the “GSG Urban Farm”, and

That a plaque be affixed to the Farm indicating that it was developed and funded through the efforts of Graduate Student Government and the project’s proposer, Chaitanya Banthia, and

That the remaining $6300 in funds budgeted for Capital Improvement be rolled over and made available for Capital Improvement projects in the 2017-2018 fiscal year.
Tyrese Bryant, Student Body President
