Our Mission

The Exchange Family Center makes children’s lives better by strengthening their families, teachers, and communities through proven counseling, coaching, and training.

We believe that caring adults are essential to developing resilience in children so they thrive now and as they grow.

We build up the skills and capacities of the caring adults children rely on.

We create safe spaces and responsive environments.

Our Goals

• Develop services that embrace diversity and provide opportunities for families to fully participate in the planning and implementation of programs that affect their lives, their families, and their communities.

• Be a voice for children and families in need through community awareness, public education, and advocacy activities.

• Cultivate protective factors: Resilience, social-emotional skills, parenting skills/information on child development; concrete support in times of need; and social connections.

A voice for the community

• Exchange Family Center strives to communicate that child abuse and neglect is preventable, by highlighting the innovative and effective prevention strategies we use.

• We work to engage parents, families, individuals, communities, public officials, educators, and the business community.

• We encourage and empower individuals and groups to become engaged in individual and systemic changes.
