AWWA Hawaii Section participated in the recent Region V RMSO held in Banff, Alberta, Canada, from October 1 thru October 3. The meeting was held at the Banff Centre where Creativity and Inspiration are the guiding themes. This RMSO was hosted by the Western Canada Section. Section members of Region V include Western Canada, Montana, Hawaii, Alaska, Pacific Northwest, California-Nevada, and British Columbia.

The Hawaii Section was led by current Chair Jeff Pearson. Audrey Yokota (Section Treasurer), Susan Uyesugi (Legislation/Regulation Committee Chair), Michael Street (Section Vice Chair), and Mike Victorino (Government Trustee/Standards Council) also attended the meeting.

The RMSO meetings are intended to provide a forum for AWWA to interact with the various sections and to communicate with them about various initiatives and programs that AWWA is involved with. At this RMSO the sections were presented with a copy of the final report of AWWA 2020: A PATH TO ONE AWWA, which summarizes the recommendations that will strengthen the business relationships between AWWA and the sections, which is intended to increase the value of an AWWA membership.

The recommendations were developed over a two year period,
and were organized into 5 strategic themes: communications, education, membership, branding and finance. These themes are intended to integrate with each other to strengthen the goal of One AWWA.

The individual sections attending this RMSO took turns giving presentations that addressed one of the strategic themes as it related to their section. The Hawaii Section’s presentation focused on several topics of interest, including the effects of climate warming, wellhead standards, the Red Hill Fuel Storage impact on the water supply, and the Guam subsection.

AWWA has established an organization with water professionals in India, AWWAIndia, to focus on improving the water industry and providing safe drinking water to the communities.

The attendees were treated to a western barbeque dinner, Canadian style. The meeting concluded with a visit to the Lake Louise ski resort and a gondola tour of the area as well as a visit to Lake Louise, a scenic wonderland with an exquisite blue lake set among the Canadian Rockies that had started to feel the first snowfalls of the fall season.

Next year, the Hawaii Section will be hosting the RMSO Region V meeting. Planning is underway for this event. The event is scheduled for November 4-5, 2016. §
Chair’s Message
By Jeffrey Pearson
Hawaii Section Chair

The last few months have been busy for all of us at this all-volunteer organization, AWWA Hawaii Section. Jay Stone, the At-Large Trustee/Conference Committee Chair, has been working with all the conference committee members on finalizing the details for the Pacific Water Conference, coming up soon, February 2-4, 2016, at the Hawaii Convention Center. A golf tournament and a community service event are also part of the planning. Please refer to Jay’s article in the newsletter for details. I am sure that Jay, with all the quality help he has, will put on a great conference.

Along with Mike Street (Vice Chair), Audrey Yokota (Treasurer), Mike Victorino (Government Trustee), and Susan Uyesugi (Legislation/Regulation Committee), I attended the Regional Meeting of Section Officers (RMSO) for Region V. Unfortunately it was held in Banff this year. Blue skies, mountains, streams, forests, and wild animals. The meetings were very informative and put focus on the planning tool recently produced by the association entitled “AWWA 2020: A Path to One AWWA.” Each section also gave a brief presentation on issues of concern for their section.

I mentioned “volunteer” at the top of this message. One thing I learned at the RMSO meetings is with some larger

continued on page 4
sections, there are one or more paid employees to keep the sections in order. With smaller sections like ours and Montana, for example, there are no paid employees. YOU do all the work to keep our section going, along with your real jobs. Give yourselves a pat on the back, and I thank you for your efforts.

Along with the workshops, the Western Canada Section treated us to a western style dinner (and dancing), and a gondola ride at Lake Louise. Mike Street and the rest of us took good notes as we will be hosting the next RMSO V in Hawaii, November 2016. I am sure we will be recruiting your help to make our RMSO meeting a fun one for all.

Trevor Inouye (Workshop/Safety Committee Chair) has scheduled a workshop on Kauai for Friday, October 30, 2015. The topic will be Pumps, Tanks, and Restrained Joints - Design, Operation, and Maintenance. Please see the flyer in this newsletter for details.

Lastly, I want to welcome Jessica Agsalda, as our new Diversity/Young Professionals Committee Chair. Alyssa “Sunshine” Smith ran away to the mainland (and will be deeply missed), and Jessica will be stepping in to chair this committee. §
Imagine... no drinking, flushing, or bathing. No water to cook dinner, wash clothes or brush your teeth. On October 6-8, the Value of Water Coalition sponsored and awareness campaign called “Imagine a Day Without Water.” A comprehensive and user friendly toolkit was made available to help water professionals and organizations promote value of water messages.

The coalition consists of public and private water agencies, businesses, community leaders and national organizations. Ongoing communication to all sectors whether it be the economy, environment or social well-being is the thrust and main motivation for this coalition. AWWA is among the founding members.

The overall goal of the campaign was to reach out to the everyday person, someone outside of the water sector. As water professionals we have a tendency to “speak to ourselves” and assume that the every day understands or knows technical information. Communication messages were concise and compelling and spoke to people’s daily lives.

The core messages were:
1. Water is essential for everything we do in life,
2. Water infrastructure is deterioration and in need of repair, and
3. Investment in water must be a top priority.

For information about the Value of Water Coalition, check out their website www.thevalueofwater.org. There is valuable information for us to share with our friends and neighbors. §
Aloha! The joint conference committee is working very hard to bring you an exciting, educational, and rewarding conference experience for you. Check out all the activities planned for the conference at the 2016 Pacific Water Conference website: www.pacificwaterconference.com.

Ho’omaika’i ‘ana to Lance Manabe for the winning conference theme entry:

E ho‘olōkahi pū e mālama aku ai i ko kākou wai
Working Together to Protect Our Water Resources

Our theme emphasizes the importance of collaboration among all water-related resources to provide for the long-term sustainability of our communities. Lance will receive a $25 Starbucks gift card.

Exhibitor registration is up and running. See the exhibitor page for more information on booth costs. Register early to make sure that you get a booth at the premier water and wastewater conference in the Pacific.

Although the deadline to submit abstracts for the conference was October 12, we are still looking for speakers. The pre-conference and conference program is open to all aspects of water – wastewater, drinking water, water reuse, stormwater, water resources, and more. Share your knowledge and experiences with the local water/wastewater community and conference attendees from around the world. Information about the technical presentations can be found on the Call for Abstracts page. Contact the Technical Program Chairs if you have questions: Jordan Fahmie (808) 529-7272 and Susan Mukai (808) 203-2667.

We are holding the conference photograph contest again this year to highlight all that our members do for the community.

Categories are:
- “Age is only a number” - photographs depicting water and wastewater infrastructure more than 35 years old
- “Aquamen and Aquawomen” - photographs depicting people interacting with water and/or wastewater - construction, maintenance, laboratory, other.

Submit your entries and win up to $150 for a single entry. Complete the 2016 PWC Photo Contest Entry Form.Fillable.pdf and submit together with your photograph to pwcphotocontest@gmail.com no later than 11:59 pm (HST), Friday, December 4, 2015, to be in the contest. For more details of the contest, follow this link to the Photograph Contest Criteria & Rules. Email questions to: pwcphotocontest@gmail.com.

Get ready to test your skills in the pump maintenance event, collection system event, and the safety event. For a low price, you can prove your abilities in Wastewater Operations, at least partially. $100 will earn you entry into a single event for 4 people. Please contact Jon Baker at 768-4473, jbaker@honolulu.gov or Wayne Salas at 768-4474, wsalas@honolulu.gov.

continued on page 7
Our Annual Golf Tournament will be held on Friday, February 5, 2016, at the Hawaii Prince Golf Club, 91-1200 Fort Weaver Road, ‘Ewa Beach, Hawaii 96706. For course information, visit [www.hawaiiprincegolf.com](http://www.hawaiiprincegolf.com). Check-in is at 9:30 a.m. with a shotgun start at 11:30 a.m. Four sponsor levels Bronze, Silver, Gold or Platinum Levels are available or just pay $175.00 per player, which includes green fees, cart fees, sandwich lunch and banquet. Any questions? Contact Darnelle Chung at (808) 836-1900 or [djc@akinaka.com](mailto:djc@akinaka.com). Reserve your spot prior to December 31, 2015 to ensure availability. Payments Due by January 8, 2016. For more information, see: [http://www.hwea.org/pwc-2016-golf-tournament/](http://www.hwea.org/pwc-2016-golf-tournament/).

We look forward to seeing all of you at the conference!

Aloha,
Jay Stone | Scott McAdam | Trevor Inouye | Puna Kaneakua

**2016 George Warren Fuller Award**

*By Woodie Muirhead*

*Fuller Award Committee Chair*

George Warren Fuller Awards are presented annually by the American Water Works Association to the sections’ respective selected members for their distinguished service to the water supply field in commemoration of the sound engineering skill . . . the brilliant diplomatic talent . . . and the constructive leadership which characterized the life of George Warren Fuller.

If you are interested in submitting a candidate for the Fuller Award, please refer to the guidelines and nomination form links below. The nomination form must be completed and submitted to Woodie Muirhead, Fuller Award Committee Chair, at [wmexplore@hawaii.rr.com](mailto:wmexplore@hawaii.rr.com) by November 15, 2015. Nomination forms received after the deadline will be accepted, but used for candidates for the 2017 award.

To qualify for the Fuller Award the person must be an Individual Member or a duly appointed representative of an organization member of the American Water Works Association. In the case of a posthumous award, the recipient must have been an AWWA member at the time of his/her death.

George Warren Fuller Award Guidelines can be downloaded [here](http://www.awwa.org). The Hawaii Section Fuller Award nomination form can be downloaded [here](http://www.awwa.org). Both of these forms and more information can be found on the AWWA Hawaii Section website. §
Western Pacific Subsection Annual Meeting

By Paul Kemp

Western Pacific Subsection Chair

It is hard to believe the Subsection has now passed its first anniversary. The Subsection is due to elect new officers, and an Annual Meeting has been scheduled for November 4, 2014 at 9:00 AM in the Guam Waterworks Authority/Consolidated Commission on Utilities main conference room of the new Gloria B. Nelson Public Service Building, 688 Route 15, in Mangilao. For new information on the meeting, see our web site at http://www.awwa-hiwps.org/. Our personnel have already undergone some changes since our former Secretary has moved to Switzerland and been replaced by our Planning Committee Chair, Miguel Bordallo. Our former webmaster has gone to the mainland to be closer to family and has been replaced by Joseph Claveria with Brown and Caldwell’s Guam office.

The current AWWA-HIWPS objectives are to add to the activities and enhance the value of the Subsection to the region. The Board and the Planning Committee have met with this in mind. There are already plans for the next annual conference in April 2016, and it is hoped to add a trade show this time.

It is also intended to set up workshop/training sessions. There is a planned discussion for the General Meeting to get an update on members desires for topics. There were a number of suggestions made on the survey form from the last Conference and the members priorities are being sought. One hope for training is to use recordings of AWWA, EPA and WEF Webinars. It is a bit tricky to get attendance for these activities live since they always occur at 2 AM or 4 AM on this side of the Pacific Ocean. Even in Hawaii they come a little early some days.

We are also working on having as many subsection officers as possible join the Section at the 2016 Pacific Water Conference. §
Introducing the New Young Professionals Committee Chair: Jessica Agsalda

When I signed up to be AWWA|HWEA Young Professionals (YPs) Committee Secretary last year, I hadn’t expected to become YP Committee Chair so quickly! As many of you know, this year’s YP Committee Chair, Alyssa “Sunshine” Smith, has just left us for a new start in Sacramento. I decided to fill Sunshine’s position and am slowly learning my responsibilities as new YP Committee Chair. As an active AWWA member only for a couple of years now, I have enjoyed the opportunities that an AWWA membership brings. I’ve met many new peers in the industry and see the value in the educational resources AWWA provides. I’ve also enjoyed helping with and attending the annual Pacific Water Conference.

I’m excited about the opportunities this new role in AWWA brings and hope to see all you YPs out there for our upcoming events!

Our 2015-2016 YP Committee Members are:
- Chair: Jessica Agsalda
- Co-Chair: Mark Ohigashi
- Secretary: Puna Kaneakua
- Technical Presentations/Field Trip: Susan Mukai
- Social: Greg Castro/Michael Bungcayao
- Community Service: (open)
- Outreach: Amanda Tanaka/Stephanie Chin
- Water Conference: Hernan Co
- Past Chair: Susan Mukai, Alyssa “Sunshine” Smith

New AWWA Hawaii Section Members

Please welcome our newest Hawaii Section members!

- Bryan Andaya
- George Bamba
- Emanuel Borja
- Corey Byington
- Lorna Heller
- Lori Higashi
- Nick Manley
- Devin Nakayama
- Lisa Reddinger
- Francis Santos
Upcoming Pumps, Tanks, and Restrained Joints—Design, Operation, and Maintenance Workshop

The upcoming workshop will be held on Friday, October 30, 2015 at the Marriott Kauai Coconut Beach, 650 Aleka Loop, Kapaa, HI 96746.
The deadline to register is Wednesday, October 21, 2015.

You’re invited to Kauai where Hawaii’s AWWA workshop committee will present a day-long workshop on the design, operation, and maintenance of pumps, tanks, and restrained joints.

This workshop is intended for field operations and water distribution system operators, engineers, and managers. Attendees will increase their knowledge on the different types of pumps, tanks, and restrained joints available, important design criteria, and key operation and maintenance information.

Warren Tyau will present “Pump Design, Operation, and Maintenance”, which will include the following topics:
- Pump efficiency testing
- Booster pump design/Pump selection/NSF 61
- Operation and maintenance recommendations

Michael Wietzenhoff will present “How We Store Our Water”, which will include the following topics:
- Engineering requirements for water storage and discussion on NSF 61
- History of water storage tanks in Hawaii
- Coatings/Comparison of tanks/Selection

Karl Miersemann will present “Pipe Restraint Theory”, which will include the following topics:
- Pipe restraint theory and calculations
- Types of pipe restraints
- How to properly determine placement of mega lugs

WORKSHOP SCHEDULE
8:30 a.m. - 9:00 a.m.
Registration, Check-in and Continental Breakfast
9:00 a.m. - 12:00 p.m.
1st session - Pump Design, Operation, and Maintenance
12:00 p.m. - 1:00 p.m.
Lunch with General Membership Meeting
1:00 p.m. - 2:30 p.m.
2nd session - How We Store Our Water
2:45 p.m. - 4:00 p.m.
3rd session - Pipe Restraint Theory

CONTINUING EDUCATION UNITS
Continuing education units (CEUs) will be available for certified water treatment facility and distribution system operators. You must sign in and out on the attendance sheet to get credit. Certificates of attendance will be distributed after the workshop. Presently, the exact number of CEUs that will be assigned to this workshop is not known but will be available following review by the certification board.

WORKSHOP FEE
The workshop registration fee for members is $135.00. Non-members will also be allowed to sign up for the workshop and one-year active membership in AWWA for $319.00 or $207.00 for Operations membership. The non-member registration fee without membership is $205.00.

Government employees may submit their registration form first and subsequently remit their registration upon processing of their purchase order.
AWWA Yesterday, Today, and Beyond

Celebrating 135 years of leading the water community!

Who we are
Established in 1881, the American Water Works Association is the largest nonprofit, scientific and educational association dedicated to managing and treating water, the world’s most important resource. With approximately 50,000 members, AWWA provides solutions to improve public health, protect the environment, strengthen the economy and enhance our quality of life.

What we do
Offer education to water professionals
Advocate for safe and sustainable water
Collect and share knowledge
Create volunteering opportunities

VISION
A better world through better water

MISSION
Providing solutions to effectively manage water, the world’s most important resource

CORE PRINCIPLES
Protect Public Health
Safeguard the Environment
Pursue Excellence
Act with Integrity
Provide Value
Foster Diversity and Inclusion

continued on page 13
MEMBER BENEFITS

Individuals
Get what you need, when you need it, including information specific to your region.
Enhance your professional knowledge, management and decision-making skills.
Connect with water professionals around the world to discover solutions that work.

Operations/Administration
Improve your knowledge of day-to-day operations and efficiencies.
Connect with others in your community to learn what works.
Pass your certification exams with ease.

Young Professionals
A special discount off first-year dues for individuals 35 years of age or younger, or new to the water industry. This membership will renew as an Individual Active in the second year of membership.
Connect with industry leaders to get ahead or find your next job.
Enhance your technical knowledge, management and decision-making skills.
Make a difference in your local community.
Connect with water professionals around the world to discover solutions that work.

Student
Get experience, learn from water industry experts and build your resume.
Connect with potential employers to make your job search more effective.
Enhance your technical knowledge, management and decision-making skills.

Retiree Membership Qualifications
As a retiree member, you can maintain your AWWA membership at a reduced cost. To be eligible, you must meet three qualifications:
- At least 15 years of AWWA membership
- 60 or more years of age
- Substantially retired from all gainful employment

There are two retiree membership dues options:
- $35.00 - Retiree Membership with Electronic Periodicals (E-Periodicals Only)
- $45.00 - Retiree Membership with Print Periodicals

To verify your qualifications for retiree membership, email Customer Service or call 800.926.7337 or 303.794.7711.

Newsletter Advertising

The Hawaii Section of the American Water Works Association (AWWA) is currently seeking advertisers for its quarterly newsletter. Advertising provides a direct message to a population of over 600 members statewide who are in need of the products or services being advertised. Although we have switched to electronic distribution of the newsletter, we feel that there is still equal benefit to advertising in the electronic newsletter as with the printed newsletter. In addition, advertising in the electronic newsletter can be in full color.

Please be aware that advertising in the newsletter is available only to businesses related to the drinking water field. Please also note that all advertisements will be submitted for review and approval by the AWWA Hawaii Section Board of Trustees for ad content.

Production Information Newsletter

The American Water Works Association/Hawaii Section newsletter is published to inform its members of Section and International AWWA activities, meetings, educational opportunities and other matters of interest to the water community. The mention of trade names for commercial products does not represent or imply an endorsement by AWWA Hawaii Section.

Newsletter Articles

AWWA members are welcome to submit articles for the Newsletter. Please contact Susan Mukai at smukai@brwncaI.com for information.

Submissions for the Winter Newsletter are due by Friday, January 8, 2015.
