Season of Lent

The season of Lent is a time of preparation where Christians all around the world prepare themselves for the celebration of the Resurrection, Easter. The time follows Jesus' 40 days in the wilderness preparing for his ministry (Feb 17-April 3). People approach this season in different ways, giving up something they love for the season in order to create a longing for the return of this joy they have given up. This reminds us of the completion that comes when we are Resurrected with Christ. We are broken people living in a broken world, all in need of redemption. Lent is a season to remind us of our status now and what our status will be with Christ in the Resurrection, the New Creation.

Read-Walk-Reflect-Share

When Jesus calls us to follow him, he promises we will experience Heaven and Earth come together in whole new ways. Walking with Jesus includes walking with others. He invited them to walk together with him. **For the season of Lent, invite someone in our church to walk with you as you both walk with Jesus.**

The Scripture focus and Dwelling in the Word for each week of Lent is provided on this card. Read the passage every day and then go for a walk while you reflect on the passage (a mile a day gives you 7 miles a week of walking with Jesus). Reflect on the different characters in each story, picking a different perspective each time you read. Allow God to use your imagination for experiencing these stories in fresh new ways. **Set a time during the week to walk with someone and share together how God is blessing, encouraging, or challenging you through the reading.** You can get together for a walk or walk and talk on the phone. Commit to praying for one another through this season.
