Standards of Behavior

We want to ensure that all students participating in the after-school enrichment programs enjoy the experience. In order for this to happen, it is expected that all students will conform to regular Tuckahoe classroom and school rules and regulations while attending a program. The providers are all experienced Instructors and will use accepted classroom management techniques to allow misbehaving children to adjust. If a child continues to have difficulties, he or she will be removed from the class and be placed with the On-Site Programs Coordinator who will decide if and when to return the child to class that day. The On-Site Programs Coordinator will also inform the parents about the situation.

If a child is removed from a class a second time, that child will be withdrawn from that class for the remainder of the session. The School will be informed of this decision. No partial refunds will be given in these situations. We look to all parents to support our class providers so that all children can enjoy the after-school classes.

At this time, snacks are not permitted during before or after-school programs.

If your child has an allergy and/or asthma, serious or not, a Medical Condition Waiver must be completed before the start of programs. *Note: After-School Enrichment Programs do not have access to the health office, however, our On-Site Coordinators are trained to store and administer medication safely.
