#### Locker Assignment Agreement

You have been assigned a locker for the purpose of storing your personal belongings and school books. All of your belongings, including your backpack, must be kept in your locker or carried to class with you; do not leave your belongings on the hallway floor or other shared spaces. We highly recommend that you lock your items, especially valuables, in your locker.

You are **required to lock your locker** with a combination lock and to provide the office with your combination for emergency purposes. Under no circumstance is the school liable for your lost or stolen items. Do not share your locker combination with any other students. Do not leave anything in your locker that will attract bugs or cause odors.

Note: The school reserves the right to search your locker at any time for any reason.

At the end of the year you will be responsible for leaving your locker in the same condition it is in now. In order to not be held responsible for existing damage, please let the front office know by Aug. 29<sup>th</sup> of any writing, scratches, stickers, or other pre-existing damage below.
