Our vision is a world where people living with paralysis have the opportunity to live long, healthy, and happy lives.
NextStep is an internationally recognized non-profit that makes life-changing rehab and fitness accessible and affordable to individuals living with paralysis. Today, most of these individuals are deprived of the resources they desperately need to live long, healthy and happy lives. NextStep’s goal is to open NextStep paralysis recovery centers across the country to ensure an improved quality-of-life and a continuum of care for this underserved population. By offering the state-of-the-art equipment, world class certified trainers, cutting edge therapies; our centers provide the best chance for recovery, health, and independence.

**THE FACTS.**

6 million people in the U.S. living with paralysis related disabilities.

**THE PROBLEM.**

Without access to progressive care individuals will experience:

1. Health Deterioration
2. Depression
3. Secondary medical complications which can sadly result in serious illness or death.

**THE SOLUTION.**

Affordable + Local + Progressive = LONG HEALTHY LIFE
