Inspire Santé™ is a nonprofit organization dedicated to promoting awareness of pelvic pain disorders. Inspire Santé literally means to “inspire health.”

Founded by Erin K. Jackson, a survivor of a decade-long battle with pelvic pain, Inspire Santé supports patients and providers as they navigate the challenges facing women in pain. Jackson’s passion is the catalyst for motivating discussions about how the healthcare system can work better for women.

Inspire Santé accomplishes its mission in three primary ways:

[1] It amplifies the voices of women who feel unheard by sharing authentic stories on its website with its 14k+ monthly visitors and providing expert opinions about pelvic pain and chronic illness for media outlets.

[2] It educates healthcare providers about the importance of respecting a patient’s values, how they can better encourage their patients’ supported independence, and how to improve provider-patient communication.

[3] It advocates for women facing pelvic pain or chronic illness by participating in women’s health conferences and speaking to groups about issues related to pelvic pain, chronic illness, sexual health, gender inequities in healthcare, and more.

Inspire Santé is a 501(c)(3) public charity. Speaking fees are tax-deductible.
