ABOUT BOB MARTIN & KLIFE

Bob Martin was a community leader, business leader and family man, who gave his time and talents in support of Columbia and KLIFE. He was instrumental in shaping our organization, now in its 22nd year. This tournament honors his generosity and influence on KLIFE and Columbia. Because of his support and the support of people like you, we are able to provide positive role models to kids in our community and pass on his example to the next generation.

KLIFE is a non-denominational student ministry dedicated to impacting the lives of teenagers in Columbia. Each year hundreds of kids from 4th-12th grade come through our doors and become active participants in the KLIFE community. At KLIFE, kids build positive peer groups and connect with mentors who are passionate about investing in the lives of kids. Our staff and nearly 50 college and young adult volunteers commit to walking alongside kids and providing support through the difficult teenage years. Through small groups, weekly klubs, trips, regular events, and service projects, kids find a place where they can make healthy lifestyle decisions, grow in their faith, and build friendships that last a lifetime.

KLIFE is funded entirely by individual donations from people like you. All donations stay right here in Columbia and are used directly to support our ministry and serve our kids. By investing in KLIFE, you make it possible for us to *share life* with over 300 kids and leaders each year. Your investment is one that will continue giving for years and years to come.
