

StationSoccer Adult League FAQs

What kinds of leagues are available?

We offer Social leagues for rec-level players, and Advance leagues for competitive-level players. We have Men's leagues as well as Co-ed leagues, which require at least 1 female player per team on the field at all times.

Most of our leagues are open to the general public to register. We also host Corporate leagues, as well as private Intramural leagues. If your company or organization are interested in participating in a league or creating your own, **please contact James Veccie at james@soccerstreets.org** to learn more.

Where do the leagues take place?

The leagues take place at StationSoccer locations across Metro Atlanta. These StationSoccer locations are all conveniently located at or near MARTA stations. Here is where you can find more specific information on the individual StationSoccer locations:

soccerstreets.org/station-soccer-directions

How many players do I need to sign up a team?

During a normal game, there are 5 players on the field per team at a time (4 field players + 1 goalkeeper). Most teams have 8-10 players on their roster. This helps them make sure everyone gets enough playing time, have substitutes available, and divide up the cost of the league. There is no maximum roster size.

How long is a league season?

A typical StationSoccer league runs for 7 weeks + an 8th week for playoffs/consolation games. Your team will typically play 1 game per week. If there is a cancellation, games will be rescheduled and made-up.

How much does it cost to participate in a league?

The team registration fee for a single season is \$400. This is a donation to Soccer in the Streets soccer programs for kids in Metro Atlanta. A \$200 deposit can be made to reserve your spot, with the \$200 balance due before the 2nd week of games.

I don't have a team. Can I still participate in a league?

If you don't have a team, but you're interested in playing in a league, we have Free Agent sign-up available. We will connect you with a team needing players so you can join in the fun!
