

## “NORTHERN ROCKIES LODGE

NRL has quickly become one of Fish’n Canada’s favourite fishing destinations. We chose the lodge in this Top 5 article instead of a particular body of water simply because NRL accesses many great fishing waters.

“Angelo made the [first Fish’n Canada trip](#) to the lodge with his grandson Nik” says Pete “and when he returned back to the office, he couldn’t stop raving about it. They fished Lake Trout, Grayling and Walleye... Yes **WALLEYE** in BC”

Northern Rockies Lodge flies float planes into numerous lakes and rivers that dot the north country of BC. To be in a turbo Otter that lands into a tiny pothole of a lake in the mountains is an incredible experience. Adding a full day of catching fish after fish just tops it off.

Fish'n Canada has taken 2 more trips back to NRL, one with Ang and Pete and the other with Pete and Steve Niedzwiecki. Each trip ended up being outstanding!

The first [return trip](#) was back to the Walleye and Lake Trout lakes that Ang and Nik were on. Absolutely amazing fishing.

The [next one](#) was on a multi species whirlwind with Walleye, Lake Trout, Northern Pike, Arctic Grayling, Rainbow Trout, Dolly Varden... phew... and that was all on one trip!

If you're an angler that loves to big game hunt as well, then this lodge presents double-duty for you as they also fly hunters into the northern mountains for extended hunts.

Northern Rockies Lodge pretty much is the epitome of outdoor adventures." - [Top 5 Places To Fish In British Columbia](#), Posted on April 14, 2020 by Fish'n Canada
