About the Nellie Mae Education Foundation
The Nellie Mae Education Foundation (NMEF) champions efforts that prioritize community goals that challenge racial inequities and advance excellent, student-centered public education for all New England youth.

As the largest philanthropy in New England dedicated exclusively to education, we work to ensure that all youth have access to excellent and equitable public education that prepares them to succeed and thrive in community. Our new grantmaking strategy, announced in early 2020, centers on racial equity in public education and includes grant funds for:

- Supporting Organizations Led by People of Color;
- Advancing Community-School Partnerships;
- Amplifying Youth Voice;
- Building Movements and Networks;
- Strengthening State and National Coalitions; and
- Championing Student-Centered Learning.

In addition to our grantmaking, we are committed to using our voice, privilege, and power to advance and advocate for racial equity in our education system and to identify, call out, and dismantle the systems and policies that have led to a disproportionate number of negative outcomes for people of color. In all of our work, we have committed to a race-equity-focused and community-centered approach. We commit to actively engaging with the communities we serve, and those most impacted, regarding solutions, investments, and resources for their community.

Headquartered in Quincy, MA, our team is comprised of mission-driven professionals who share a commitment to putting youth and communities at the forefront, operating with a racial equity lens, building collaborative relationships, supporting community-driven change, and continuing to learn, adapt, and improve.
