

Suggested Catering Suppliers for Weddings

The Limousin is renowned for its farmers and beautiful artisan-produced food and we know some of the best caterers and suppliers in the region. French food and wine are the perfect complement to your wedding, and our suppliers are also adept at innovating to provide wonderful fresh twists on the traditional French palate.

We don't provide a prescriptive list of suppliers, as we want you to feel at home at the Manoir! Feel free to bring in your own choice of suppliers, but some suggestions are below. Please bear in mind that website presentation is not reflective of quality of food.
