

Weddings at Manoir La Croix de La Jugie

Our beautiful family Manoir is the perfect venue for your low-key, relaxed, small wedding. With spaces both inside for you and your guests to celebrate your marriage and dance up a storm, our warm, personal touches will make this a destination wedding to remember.

The Manoir and its estate is a very special place, with stunning views, secret copses for children to explore and build dens, fields to hold outdoor suppers, a small orchard to gather fruits, a courtyard for drinks receptions, covered terrace for barbecues, and sloping lawns to enjoy wedding picnics together. We are able to help organise a marquee for larger parties, but we usually welcome weddings with up to 70 guests.

The Manoir sleeps up to 21 in 8 bedrooms, with 6 bathrooms between them; so it's the perfect place for the wedding party to stay before and after the wedding. We can also organise extra dormitories for kids in the barn or yoga space and camping for an extra cost, though there are plenty of gites, B&Bs and hotels within a short drive for your guests too.
