Egg Carton Flowers Kids Craft

Here’s what you’ll need:

- Acrylic Paint
- Egg Carton (not foam)
- Paper Straw
- Pom Poms
- Scissors
- Glue
- Paint Brush

Directions:

First you’ll have an adult cut out four containers out of the egg carton. Trim around the edges so that it gives it a rounder shape for the petals of the flower.

Squirt some acrylic paint colors onto a paper plate and have the kids paint their flowers. Use any colors you’d like or use a pastel palate like we did above.

After the paint is dried you can attach the stem of the flower by gluing it to the back. We used a paper straw so that it was thick enough to hold up the egg carton, if you use something like a pipe cleaner it will just bend. Next choose a colored pom pom and glue that to the center of the painted egg carton.
