TRAINING ORDINARY PEOPLE TO DO
EXTRAORDINARY THINGS

Vocational Bible College (VBC) has been established to train ordinary, everyday people for the extraordinary work of spreading God's Kingdom.

In Acts 4:13 the religious leaders of the day described Peter and John as unschooled, *ordinary* men, and yet they were at the center of God's *extraordinary* plan to rescue people from every nation, tribe and tongue and bring them into His Kingdom. It is our prayer that many 'Peter and John' sorts of leaders will be raised up through our courses.

WHAT MAKES VOCATIONAL BIBLE COLLEGE DIFFERENT?

Much ministry training today is academic and suits those who've been to university. *Vocational Bible College is different.* We've developed training that suits the gifts and abilities of people who love to learn practically and actively. The sorts of people who often go straight into the workforce from school.

Unlike many other Bible colleges, our qualifications are delivered through the Vocational Education and Training (VET) sector where training focuses on *what you can do* rather than *what you have read and how many words you have written.*

As a result our courses are delivered through a blend of small discussion groups and a ministry placement in your local church. Assessments mimic ministry activities with presentations, simulations, reports and portfolios.

Jesus trained his disciples for ministry as they walked and talked and ministered with Jesus. We are attempting to reproduce this model of training at VBC.

THE OPPORTUNITY

74% of Australians don't have a University education.¹ They're 'everyday people'. Research into learning styles has shown many everyday people learn best on the job. **We aim to provide Christian ministry training that suits those who learn best on the job.**

THE NEED

Everyday people are significantly under represented in many Evangelical churches. We believe an important step to addressing this problem is to train everyday Christian leaders who can help God's people make disciples of everyday people and bring them into churches.

But we have this treasure in jars of clay to show that this all-surpassing power is from God and not from us.

2 Corinthians 4:7

VOCATIONAL CHRISTIAN MINISTRY GRADUATES

“ Training with Vocational Bible College has helped me be a better disciple of Jesus. I now understand how the Bible fits together and can read the Old Testament for myself. It’s given me skills to lead Bible studies and help others follow Jesus. In the past I’ve not known what to do and been afraid of stuffing up. Now I have more confidence to talk to others about Jesus and lead groups. ”

IAN MU - FACTORY WORKER

“ I’m learning new things and looking at the Bible at a deeper level, and then I’m able to share what we’ve learnt in my own church. ”
