Basic Guidelines:

1. Applications are due **August 1, 2021**.

2. All branches, technical institutes, YMG and student chapters are encouraged to submit one nomination per award category. Nominations from individuals will also be considered.

3. The awards committee will consider all nominees submitted and select up to one individual per award category. Awards will be presented at the September Annual Meeting. Award categories are:
   - Engineer of the Year
   - Government Engineer of the Year
   - Young Engineer of the Year
   - Young Government Engineer of the Year
   - Journalism Award
   - Project of the Year

4. All award categories need not be filled if qualified nominees are not provided.

5. Please complete one application per nominee, check the appropriate award category and review and respond to the recommended criteria for that award category.

6. If you do not have information such as the home address of the nominee, it will not be held against the application. Please provide as much of the information as you have available.

7. Provide as much information as possible to help the awards committee make a decision. It will be important to write to the specific award category guidelines on the following page. Provide your contact information and be available for follow-up questions as needed.
ASCE OREGON SECTION AWARD CRITERIA AND GUIDELINES

Engineer of the Year/ Government Engineer of the Year:
The ideal candidate has been an active member of ASCE Oregon Section for 10 years and active in the engineering profession. The Government Engineer works for a public agency or university.

Consideration will be given to the following in selecting the recipient of this award:

1. **Professional Achievement** (Job Status, Recognition, Nature of Projects)
2. **Service to ASCE (National and Oregon Section)** (Offices Held, Length of Service, Special Projects)
3. **Encouragement to Potential or New Engineers** (Education or Training, Student Activities, Mentoring)
4. **New Concepts** (Publications, Patents, Technological Advances)
5. **Community Service** (Offices Held, Length of Service, Special Projects)

Young Engineer of the Year/ Young Government Engineer of the Year:
The ideal candidate has been an active member of ASCE Oregon Section for 5 years. The Young Government Engineer works for a public agency or university. The Young Engineer meets the ASCE National criteria for young members (35 years or younger).

Consideration will be given to the following in selecting the recipient of this award:

1. **Exhibited technical competence, high character, and integrity.**
2. **Served to advance the profession of Civil Engineering.**
3. **Worked to further the objectives of ASCE and the Oregon Section.**
4. **Contributed public service outside the profession.**

**Journalism Award**
The Journalism Award will be considered annually but awarded only in those years when a qualified candidate is available. The Award consists of a monetary amount determined by the Board of Directors.

The Candidate must have promoted civil engineering through reporting. All media types will be considered. Additional consideration shall be given to those who promote ASCE directly. The application should describe the candidate’s efforts, products and how they support ASCE Oregon Section, subsidiary groups and/ or the Civil Engineering profession.
