Experience Regent 2017

On February 21st and March 28th, the Admissions team will be hosting our "Experience Regent" events. Help spread the word to friends, peers, or loved ones that are interested in applying as this is the perfect event for them! From meeting faculty and talking to a student panel to touring the building and sitting in on classes, this event is a great way to explore God's calling and whether or not studying at Regent will be a good fit. Come one, come all!

Academic Symposium

On Friday, March 3, the Regent College Student Association will host a Symposium in which Regent students will present research papers in the format of an academic conference.

Papers can be on any topic, between 2,500 and 5,000 words in length. The papers will be selected by a peer committee.

Submissions must be sent by email to rcsavpac@regent-college.edu by 4:30 pm on Monday, February 13.

For more information, visit the RCSA Facebook page or email rcsavpac@regent-college.edu.

Regent Prayer:

Please consider joining Regent in prayer in one or several of the following ways:

PRAYER FOR ASIA

FEBRUARY 24, 1:00pm-2:00pm, Prayer Chapel

In the week leading up to Taste of the World, you are invited to join to spend intentional time praying for the world. We're ending the week of prayers with an exciting sharing from Brother Ian, who's currently working in Vietnam with OMF. He'll be sharing on his missionary work and the needs of his missions field, and invite us to pray together for Vietnam and Asia. So, let's take time to pause from papers or retreat from readings to pray."

PRAY FOR THE USA - AN INVITATION

Ross Tuttle and Maria Kirkland, together with a few others, are gathering to pray regularly for the USA. All are invited to join them for a time of purposed prayer and optional fasting. Meeting in the prayer chapel every Wednesday from 12:15-1:00pm for the rest of the semester.

Anglican Prayer

Corleone: The Shakespearean Godfather

Feb 3-25, 2017 What if Shakespeare wrote The Godfather? **Pacific Theatre** is proud to partner with all-female company Classic Chic in their production of *Corleone: The Shakespearean Godfather* by David Mann. The Corleone family is on the top of the New York crime food chain, with Vito Corleone at the head of the family. That is until local drug baron Virgil "The Turk" Sollozzo attempts a coup. When it doesn't work out, a chain of corruption and murder is set in motion that only ends when son Michael, previously uninvolved in the "family business" exacts violent revenge and takes his place as the new king, spilling more blood than Macbeth. An epic tale of power, destiny, betrayal, family, and honour, could Coppola's movie masterpiece actually be an Elizabethan tragedy? Tickets available at pacifictheatre.org

**PUBLIC TALK ON ADAM AND THE GENOME:
INTERSECTION OF CHRISTIAN FAITH AND GENOMIC
EVIDENCE FOR EVOLUTION**

Feb 21, 2017

The beliefs of many Christians today are being challenged by genomic evidence of human evolution. On February 21, Dr. Dennis Venema, Biology professor at Trinity Western University in Langley, BC, and Dr. Scot McKnight, Professor of New Testament at Northern Seminary in Lombard, Illinois, will explore this provocative topic at a free public talk in Langley.

One of the traditional, core Christian beliefs is that humans are direct, supernatural creations descended uniquely from a single ancestral couple: Adam and Eve. However, today this view is coming under pressure from genomic evidence indicating that humans evolved and descend from a much larger population. This raises serious questions not only for Christian readings of Genesis, but also for how Adam & Eve are understood by New Testament voices, such as Jesus and the apostle Paul.

Dr. Venema and Dr. McKnight have taken this matter by the horns in their brand new book, *Adam and the Genome: Reading Scripture after Genetic Science* (Brazos, 2017). Their talk will explore the genomics evidence for evolution and consider its implications for evangelical faith, witness, and interpretation of Scripture.

Adam and the Genome: An Evening with Scot McKnight and Dennis Venema
