

First Place at the Dominican Challenge 2018!

For the second consecutive year, St. Eugene won the Top Overall School Award at the Dominican Challenge. Also, our 7th graders earned the Top Overall 7th Grade Team Award. The competition included 17 teams of 6th, 7th, and 8th graders from local Catholic schools. Teams designed machines to fire ping pong balls into a set of targets. Points were given for accuracy as well as the sales pitch, advertising, financial decisions, R&D reports, and overall engineering concept. Congrats to the 15 students representing St. Eugene School!
