Update of the Village Green restroom project. Lamond advised the concrete was on hold until a hole could be placed in the wall. He believes the concrete should be poured by the end of the week. Discussion of the size of the line that was to be put in 4" or 6". A 6" line was planned, but could this be reduced to a 4"? The time frame for the opening of the new restrooms is still the first weekend in May in time of the parade. No stall items have been ordered at this time, but it only takes 3 weeks for these items to be received.

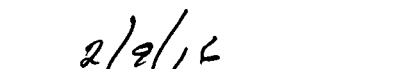

Discussion of the Washington Street Parking Lot – Covenants have been received and it does indicate that the parking was for cars only, no RV's or buses. Will need to come up with other solutions for these vehicles.

Discussion of the crosswalks. What design would look nice inside the crosswalks? Possible lighting placed within the crosswalk. Discussion of crosswalks from Pittman House Lane by the Washington Street Parking lot to Jefferson Street. Would like to see the crosswalk to continue over Van Buren, but the State would have to be involved with that portion.

With nothing further to discuss, Jane made a motion to adjourn, Kevin seconded – motion carried.

Meeting adjourned at 6:46 p.m.
