## FRECKLED & BLUE: THE STORY BEHIND THE BRAND

Freckled & Blue Kitchen was started in 2012 by husband-and-wife team Tyler & Juliana Lindley (Hint: she has the freckles and he has the blue eyes). They started as a food truck and quickly realized catering was their true calling. In 2013, they opened their commissary kitchen as a brick-and-mortar restaurant in Smyrna, GA. In 2017, the team moved the entire operation to a much larger restaurant and kitchen space in Marietta, GA one mile south of the Marietta Square. The new Marietta location features a large outdoor smokehouse where BBQ is made fresh daily on 3 wood-fired smokers. The Freckled & Blue team strives every day to make delicious, scratch-made food in an inviting, friendly atmosphere.
