IMPORTANT SAFEGUARDS

Always follow basic safety precautions when using your kettle.
Read all instructions.

General Safety

Do not touch hot surfaces. Use handle. Do not touch the base or glass parts of the kettle during or immediately after operation.
Do not fill the kettle above the "MAX" line. This may cause water to boil over and may cause scalding.
Always handle with care when there is hot water inside the kettle, to avoid scalding.

Do not immerse the kettle, base, cord, or plug in water or other liquids.
Closely supervise children near the kettle. Do not allow children to use or play with this kettle.
Unplug the kettle when it is not being used and before cleaning. This will avoid electric shock and prevent moisture from causing a short circuit in the power base while it is plugged in.
Allow to cool before putting on or taking off parts, and before cleaning.
Do not use the kettle if it is malfunctioning, broken or chipped, or if the power cord or plug is damaged in any way. Do not try to repair the kettle. Contact Customer Support (see page 10).
Using accessory attachments not recommended by the manufacturer may result in fire, electric shock, or injury.

Plug & Cord

Do not use outdoors.
Place the kettle on or near heat sources such as stovetops, ovens, radiators, etc.
Always make sure the lid is closed while the kettle is operating. Do not cover the spout opening while the kettle is operating. Do not cover the slits near the On/Off Switch.
To disconnect, use the On/Off Switch to turn the kettle off, then remove the plug from the wall outlet.
Only use the kettle as directed in this manual.
Household use only.

Do not let the cord (or any extension cord) hang over the edge of a table or counter. Do not allow the cord to touch hot surfaces.
This kettle has a 3-prong grounding plug. Always plug in to a grounded electrical outlet. Do not modify the plug in any way.
This kettle uses a short power-supply cord to reduce the risk of entangling or tripping. Use extension cords with care.
Any extension cord must also be a grounding-type 3-wire cord.
The marked electrical rating of an extension cord should be at least as high as the rating of the kettle (see page 3).

H. Lid Release Button
I. Handle
J. On/Off Switch

Note:
- The filter is made with food-grade stainless steel.
- Do not unscrew or remove the filter unless instructed by Customer Support.
BEFORE FIRST USE

Water Test

⚠️ CAUTION!

Do not remove the glass kettle from the package if it is broken. Contact Customer Support immediately to replace your kettle (see page 10).

Perform the Water Test before using your kettle to make sure it’s working properly. Do not drink the water that is boiled during this test.

1. Remove all packaging from your kettle and its accessories, including any temporary stickers.

2. Completely unravel the power cable and place the power base on a flat, level surface.

3. Press the Lid Release Button to open the lid. [Figure 1.1]

4. Fill the kettle with water to the "MAX" line, then close the lid. [Figure 1.2] Place the kettle onto the power base and plug in.

5. Press the On/Off Switch. The blue indicator light will turn on. [Figure 1.3]

6. The kettle will automatically turn off once it has finished boiling the water. Allow it to cool for at least 5 minutes, then pour out the water.
USING YOUR GLASS KETTLE

Boiling Water

Do not boil other liquids in this kettle. This kettle is only suitable for boiling water.

1. Press the Lid Release Button to open the lid.

2. Fill the kettle to the desired level. Do not fill above the “MAX” line. [Figure 2.1]

3. Close the lid and place the kettle onto the power base and plug in. [Figure 2.2]

4. Press the On/Off Switch. The blue indicator light will turn on. [Figure 2.3]

5. The kettle will automatically turn off once it has finished boiling the water.

Note:

- Always fill the kettle with water to at least the “MIN” line to prevent overheating.
- You can stop the heating process by flipping the On/Off Switch back up while the kettle is operating.
- This kettle has a dry-run safety feature. If there is no water inside the kettle, it will automatically turn off to prevent the heating plate from overheating.
- If the kettle overheats, fill it with cold water and wait for 2 minutes before using again.
Descaling the Kettle

You should descale the kettle at least once a week if you use it frequently. Descaling removes any mineral deposits that have built up inside the kettle. Always descale the kettle before and after storing for long periods of time.

1. Fill the kettle with 1 cup of distilled vinegar or lemon juice and 2 cups of water (1:2 ratio).

2. Boil the mixture, then let it soak in the kettle for 2 hours.

3. Pour out the solution, then wipe the limescale away with a cloth or non-abrasive sponge.

4. Rinse the kettle with clean water, and dry with a soft cloth.

5. Repeat as needed.

TERMS & POLICY

Arovast Corporation warrants all products to be of the highest quality in material, craftsmanship, and service, effective from the date of purchase to the end of the warranty period.

Arovast Corporation will replace any product found to be defective due to manufacturer flaws based on eligibility. Refunds are available within the first 30 days of purchase. Refunds are only available to the original purchaser of the product. This warranty extends only to personal use and does not extend to any product that has been used for commercial, rental, or any other use in which the product is not intended for. There are no warranties other than the warranties expressly set forth with each product.

This warranty is non-transferrable. Arovast Corporation is not responsible in any way for any damages, losses, or inconveniences caused by equipment failure or by user negligence, abuse, or use noncompliant with the user manual or any additional safety or use warnings included in the product packaging and manual.

This warranty does not apply to the following:

- Damage due to abuse, accident, alteration, misuse, tampering, or vandalism.
- Improper or inadequate maintenance.
- Damage in return transit.
- Unsupervised use by children under 18 years of age.

Arovast Corporation and its subsidiaries assume no liability for damage caused by the use of the product other than for its intended use or as instructed in the user manual. Some states do not allow this exclusion or limitation of incidental or consequential losses so the foregoing disclaimer may not apply to you. This warranty gives you specific legal rights and you may also have other rights which may vary from state to state.

ALL EXPRESSED AND IMPLIED WARRANTIES, INCLUDING THE WARRANTY OF MERCHANTABILITY, ARE LIMITED TO THE PERIOD OF THE LIMITED WARRANTY.

Additional 1-Year Warranty
You can extend your 1-year warranty by an additional year. Log onto www.cosori.com/warranty to register your new product for the extended warranty.

Please fill out all required fields and include your order ID, place of purchase, and purchase date, if applicable.
Defective Products & Returns
If you discover your product is defective within the specified warranty period, please contact Customer Support via support@cosori.com with a copy of your invoice and order ID. **DO NOT** dispose of your product before contacting us. Once our Customer Support Team has approved your request, please return the product with a copy of the invoice and order ID.
