Staff Parish Relations Committee Annual Timeline 2019-2020

Blessings in your ministry of leadership of a local church and its people! The Staff/Pastor Parish Relations Committee (SPRC) has both leadership and management functions in the congregation. Leadership is the role of “keeping an eye on the big picture.” Even in the midst of meetings or crises, the SPRC members must never forget they are part of the body of Christ, and they must always be aware of the mission of God’s Church. Management is the role of tending to daily activities so that details are taken care of and strategies are implemented. (UMC Guidelines, Abingdon Press)

This Annual Timeline was created to help SPR Committees and pastors plan your required monthly meetings. It is offered to you by the Arkansas Conference Center for Vitality, in consultation with the Bishop and Appointive Cabinet. The word ‘relations’ in the title of the Staff/Pastor Parish Relations Committee is important, because the primary work of the SPRC is relational. The committee’s communications should be as much about listening as talking so that relationships between the pastor/staff and the church can lead to fruitful ministry.

Every month in the SPRC Annual Timeline has up to three categories:

- First are **suggested monthly meeting emphases**, offered to provide a framework for discussion. Included in several of the meeting emphases is a Suggested Mission Field Accountability Conversation. This agenda item offers the SPRC an opportunity to discuss a particular aspect of your congregation’s engagement with your community mission field.
- Second, some months in the timeline include a section for **new appointments**. Experience has shown that congregational and pastoral intentionality in the welcoming and first several months makes a huge difference in the fruitfulness of a new pastor.
- Third, **reminders** are included so that the SPRC can stay on track to submit required forms. Conference forms are a primary tool for the appointive process. Your clarity, self-awareness, and feedback are vital to ensuring appropriate pastoral leadership for your community’s mission field and congregation.

### July
