

Summer Camp Is Back at Ellen Yack & Associates

Ready, Set, Go:

A School Readiness Summer Camp

During the last week of the summer, we are offering a summer camp for children entering JK, SK and Grade 1.

This camp is designed to teach and enhance skills necessary for school success. The program will be designed to meet individual occupational therapy goals as well as focus on the development of self regulation and group participation skills. Therefore, campers will work individually with the occupational therapist as well as in groups. The camp will be held at our sensory gym at 2700 Dufferin Street, Unit 27. The camp requires a minimum of 4 participants to run.

Areas addressed will include:

Fine motor skills: printing, cutting, crafts, pencil and utensil use

Postural Control: maintaining an upright sitting position at school

Self-regulation: emotional responsivity, transitions, attention to tasks

Social Skills: social thinking, how to be a group member, collaborative play, team work

Executive Functions: impulse control, organization, time management

Groups are based on a 2:1 student-to-staff ratio and 1:1 support if required. The staff members are experienced occupational therapists with extensive paediatric experience and university students in related fields.

August 28th to September 1st

Full Days (9:30 am-2 pm) **\$750.00** or Half days (9:30 am-noon pm) **\$600.00**

Optional parent training sessions will be available during the camp week for an additional fee.

We look forward to hearing from you with any questions!
