You should consult their notice of privacy practices for information about how they may use and disclose your health information.

We will not discuss your health information with your family or friends if you are not present unless you have given us your permission or we believe it is in your best interest. Our health professionals will exercise their professional judgment in determining when friends and family members may receive health information (e.g., a family member picking up a prescription from the pharmacy for a sick individual). In cases such as disaster relief you have both the right and the choice to tell us how you want us to share your information. If you are not able to tell us your preference for example you are unconscious; we may go ahead and share your information if it is in your best interest to lessen a serious and imminent threat to health and safety.
