

Notice of Grant Funding: Round 4
Exclusively for Non-Profit Equine Organizations
Fire Relief Grant Application Fund

The Sonoma County Horse Council ("Council") is pleased to issue this Notice of Grant Funding to solicit applications from Sonoma County non-profit organizations impacted by the 2017 fires. Grants from \$500.00 to \$5,000.00 are available for restoration and rebuilding that improves the well-being of equines and the equine community. The Council, a 501(c)(3) non-profit organization, preserves and protects the health and well-being of horses and horse-related activities in Sonoma County.

The Council established the Equine Disaster Relief & Preparedness Fund ("Fund") shortly after the Lake County Valley Fire and the Council has been working on disaster preparedness protocols and training since that time. Given the devastating Tubbs and Nuns fires in Sonoma County, the current focus of the Fund, and of the Council, is disaster relief for those impacted by the 2017 fires.

Purpose of Grants: Round 4 grants will be made to 501(c)(3) non-profit organizations who demonstrate through their application that: 1) they suffered fire loss that affects equine well-being; 2) they will use grant funds as part of their effort to restore and rebuild equine infrastructure (including personal property such as tools and equipment; and 3) these grant funds are necessary because insurance, other donations, and public assistance grants combined fall short of the estimated costs of restoration/rebuilding. Grants will be provided to applicants who meet the above criteria and that have limited resources in order to initiate and complete the restoration/rebuilding process.

Timing and Deadlines for Grants: The Council has provided \$131,698 in grant funding already through three rounds of funding. Round 4 Grants will allocate up to \$15,158.03 in additional funding and the deadline for submitting an application is July 31, 2018. Round 4 is anticipated to be the final round of funding.

Grant Terms: Applicants selected for grant funding will be asked to sign a Grant Agreement with the Council. The Agreement will ask the grantee to certify that: 1) they do not have the necessary resources to complete the restoration and rebuilding without financial assistance from the Council; 2) the grant funding will be used to restore/rebuild equine infrastructure as indicated in their application; and 3) they will provide evidence of restoration/rebuild completion to the Council in a timely fashion.

Special Thanks to the Redwood Credit Union Community Funds, Inc (RCUCF): The Council is pleased to announce receipt of a \$50,000 grant from the RCUCF and their partnership with the Press Democrat and the Office of Senator McGuire. These funds have been added to the Council's Equine Disaster Relief & Preparedness Fund.

Applicant Name: _____ Cell phone #: _____

Full Address: _____

Email Address: _____ Amount requested: \$ _____

Applicant type:

- Local Business
- Individual
- Local Non-Profit Agency

If "Individual", please complete this box:

<i>Gross Annual Income:</i>	<i>O under \$83,900</i>	<i>O over \$83,900</i>
<i>Net Assets/Net Worth</i>	<i>O under \$250,000</i>	<i>O over \$250,000</i>
<i>assuming insurance reimbursement</i>
