NOTES

- (1) *Competitive swimmers at L1,2 & 3 must pay a meet entry surcharge of \$20 per term
- (2) *Athletes who opt for COMPETITION squads, may choose to swim less than their recommended number of sessions per week, but will do so with no discount to squad fees.
- (3) Training Fees are based on a 4 term year with term dates being; 14 January, 14 April, 14 July and 14 October. The year is based on 46 weeks training. Each term may have a different number of training days and weeks depending on when training breaks and public holidays are scheduled.
- (4) Athletes can alternate between COMPETITION / FITNESS squads on a term basis.
- (5) PSC policy is that it does not offer make-up sessions or provide refunds for unattended sessions. This also applies where a swimmer is unable to attend for an extended period during term as the club is unable to replace the forgone revenue on short notice and is similarly unable to reduce its cost on a pro-rata basis.
- (6) FITNESS athletes can attend dryland, gym, meets, camps and all other club activities.
- (7) AWAY CAMPS AND MEETS ARE CHARGED ON AN INDIVIDUAL BASIS AND VARY BASED ON EVENT.
