STANDARDS FOR THE INTERNATIONAL SCHOOL PRINCIPAL

1. Ensure your leadership results in student progress consistent with the school’s mission and curricular goals.

2. Select, orient, assign, develop, evaluate, and retain quality instructional and support personnel to ensure every learner has access to effective teaching with particular attention to ensuring diversity.

3. Lead a curricular system based on the most recent understanding about learning, including developing, implementing and monitoring curriculum and learner progress.

4. Design, lead and manage the organizational plan, operations, and resources to provide a productive and accountable environment for learning.

5. Lead and interact with all members of the school community in ways which demonstrate a knowledge of and sensitivity to the culture of transition and mobility characteristic of international schools.

6. Model the skills and attitudes of global citizenship, antiracism and intercultural sensitivity and proactivity.
