GOOD NEWS FROM ÅRE SWEDEN

The season has started and we are very excited about what lies ahead. After many prayers answered this fall, we believe that God will show up and show much of His goodness this winter.

God is good and we feel that He is with us in a tangible way here in Åre. Last fall we started to hire the same building that we have been in before, but from new owners. We rent the upstairs apartment and four awesome guys lives there and we have a combined livingroom and meeting venue. We have had one weekend in Kall with our churchfamily and one together with "Pappas hus" a fellow church.

God has truly answered our prayers and sent many lovely people to us at the right time. Many have also started to come on spontaneous prayer gatherings for Åre in Åre Old Church which we believe is the beginning of a new exciting season. After doing a lot behind the scenes, we also feel that it is time to start advertising more that we exist.

Testimony :

A large group from Åre Lighthouse went out to one of Åre's nightlife spots last week. Two people prayed for a girl who had pain in her knee , and she was healed!

Prayer requests :

Pray that many will be saved, healed and set free this winter! Ask also about favor in the village and that we should get our own building! Also pray for snow:)

Stand with us :

Please come up and visit or even move here and help us spread the kingdom of God in one of Sweden's most awesome and most strategic locations . You are also welcome to support us financially. We dream of our own meeting venue and a building that can house Christians seasonworkers

Contact us if you want to support us.

European Lighthouse gathering Val Diseré

In October a bunch of ALH went to Val d'Sère to meet with other European Lighthouses. We got to be in a bar that the Val d'sere gang has prayed for many years. Incredibly encouraging to stand together for God's kingdom in ski resorts in Europe and cast visions and pray for the future.

*Merry Christmas and a
Happy new year*
