## THE WINGS OF YOUR BUSINESS

---

Aeromanagement Group was founded in 1983 with the sole purpose of expanding the international jet trade between the United States and Europe. Over 30 years later, Aeromanagement has expanded its horizons, conducting more than six hundred aircraft transactions, managing aircraft and providing logistics support to all corners of the globe.

Aeromanagement is one of the most reputable aircraft management and brokerage firms in the aviation industry, recognized by many clients as honest, and dependable. With the combined management force of Aeromanagement USA and Aeromanagement Europe, we have the ability to reach and respond to clients across the world.

With more than three decades of experience, over 600 successful aircraft transactions, and over 50 airplanes managed worldwide, Aeromanagement is one of the leaders in the aircraft services industry.
