This placard can be used in your vehicle's dashboard to identify you as a shorebird surveyor. This may be helpful if you are “behind the gates” and leave your vehicle for a walking portion of your survey route.

This vehicle is approved to access the area for the Intermountain West Shorebird Survey, a partnership with the Utah Division of Wildlife Resources, U.S. Fish and Wildlife Service, Point Blue Conservation Science, National Audubon, and Sageland Collaborative.

Please contact Janice Gardner (801-821-8569, janice@sagelandcollaborative.org) or John Neill (801-231-2019, johnneill@utah.gov) if you have any questions.
