 - LogMeIn Central
 - ScreenConnect
 - NaveRisk
- Time Tracking Online Tools
 - Harvest
 - ConnectWise
 - Upwork Work Diary

Area of Expertise:

Microsoft Office 365 | Office Pro Plus | Exchange Server | Mailbox Migration | BitTitan's MigrationWiz | Outlook | Microsoft Azure | Azure Active Directory Premium | Azure AD Connect | Windows Server 2016 | ADFS | WAP | SSO | Windows 10 | Technical & Process Documentation

Experiences:

- **Remotely (WFH), As a Cloud Engineer/Support Services in HubOne Pty Ltd (www.hubone.com) from Mar 2015 – Jun 2017**
 - Office 365 Administration and Desktop Support for customers.
- **Remotely (WFH), As a Cloud Engineer in Paradyne Pty Ltd (www.paradyne.com.au) from Feb 2013 – Aug 2014**
 - I was responsible to provide assistance for Office 365 Deployment, Implementation and Migrations along with tasks based PowerShell Scripting required for the same. Here, I got opportunity to learn and implement Single Sign-On for complex environments, ADFS in Azure, Identity and Access Management across On-Prem AD and Azure AD using Directory Synchronization Tool, Exchange Hybrid Deployments, Lync Hybrid Deployment, Discovery process to build Migration strategy and lots of step-by-step process documentation.
 - Office 365 Deployment and Integration including but not limited to Domain Verification, Assign Licenses, Office Pro Plus.
 - DirSync and Password Sync w.r.t. On-Prem AD including but not limited to Soft-matching, UPN change.
 - Identity and Access, Single-Sign On (SSO) deployment – Federation and Federation Proxy in Windows Server 2008 R2, 2012, 2012 R2
 - Mailbox migration from Hosted Platforms, Exchange 2003, 2007, 2010 to Office 365
 - Exchange Hybrid Deployment/Mailbox Migration from Exchange Server 2010, 2013 to Office 365
 - Exchange Online including but not limited to Mail Forwarding, Filtering Rules.
 - Lync Hybrid – Moving User from/to Lync On-Prem to/from Lync Online.
 - Deploying Windows Azure (IAAS) Virtual Machine including but not limited to Creating Virtual Machines, Cloud Services, Virtual Networks, and Affinity Groups.
 - PowerShell Script Development
- **As a Technical Trainer and System Administrator with AIPL – Franchisee of NIIT Ltd. from July 2012 to July 2013**
 - I was appointed to provide training on technical courses along with system and network administration of IT Infrastructure of the Centre. I had taken initiative and successfully co-ordinated in activities regarding to promotion and marketing of Business Brand and its services.
 - Training Served on Computer Hardware and Networking, Windows 8
 - System Administration for RRAS Server (Windows Server 2003), Data and Antivirus Server, NAS Server based NAS Proctor and Client Application, Switch – VLAN Configured, EncoreVista (LOB like SAP System), Windows 7 PCs
- **As an Intern, worked on “Server Configuration and Virtualization” with HCL Infosystems Ltd. (HCL CDC) Ahmedabad starting from May 2011 to July 2011.**
 - Internship was based on "Windows Server Configuration and Virtualization" along with maintaining a separate student computer network lab with 8 computers having Windows OS and co-ordinating with other interns to assist or resolve issues arising within their labs to make highest possible uptime of IT infrastructure of the Centre.
- **As a Hardware and Network Trainer with APEX SYSTEMS, Ahmedabad from June 2008 to July 2009 (Part Time).**
- **As a System Administrator with Hari Krishna Training Institute, Gandhinagar for 6 months till Oct. 2008 (Hands-On Practice).**
