Dear potential sponsor of the Pelican Island Wildlife Festival:

The 26th annual Pelican Island Wildlife Festival is just around the corner and we invite you to take a look at how your business can benefit by becoming a sponsor of the festival while helping us continue this great community event.

This one-day event has become the most successful environmental event on the Treasure Coast, attracting several thousand visitors from throughout Florida and even from other states. The festival features over 80 environmental exhibitors, including arts and crafts, outdoor and kids' activities, music, boat tours, food vendors, and an abundance of information associated with the Indian River Lagoon, other natural resources of the Treasure Coast, and National Wildlife Refuges of Florida. There is something fun and educational for young and old alike.

The Festival is produced by the Pelican Island Preservation Society (PIPS), the U.S. Fish and Wildlife Service, and the City of Sebastian, and is a non-profit event with no admission fee. As such, we need your help. For as little as \$100, you can help to continue this great community event. Please see the enclosed sponsorship information - if you would like to sponsor a specific activity, such as mentioned above, please let us know. Please see the enclosed information, or contact us today to become an official event sponsor at:
