What is Pay What You Decide (PWYD)?

PWYD means that instead of paying for your ticket when you make your reservation, you get your ticket, enjoy the show, and at the end of the show, decide how much you think the production is worth.

At the end of the show, you return the envelope we give you with your desired amount via cash or check. You can also pay with credit card at the Box Office in the lobby.

We do PWYD to make sure that our shows are accessible to everyone and to give you the power to let us know what you thought of the production using your wallet.

We hope you enjoy the show and that you will continue to support BTE. thank you!
