The principal shall establish criteria to ascertain that students will be transported safely, (e.g., in closed vehicles, with a safe passenger load and with a seatbelt for each student, in appropriate child safety seats) which follow California safety laws. No other stops are permissible on field trip. I understand:

All students under the age of eight must be secured in a car seat or booster seat in the back seat.
Children under age of eight but 4'9" or taller may be secured by a safety belt in the back seat.
No more than eight (8) passengers are permitted in any vehicle.
