

\$50 off your first order!

We created Shorebox to help people eat better during the week. We all have kids under 5 years old and dinner time was universally challenging for us (rarely enough time to cook & clean, spending way too much on takeout, or relying on unhealthy food because it's easy). We wanted a solution that offered tasty & healthy meals, quickly, and without a lot of cleanup. We've designed a system that checks all these boxes and we're ready to take orders!

- 1 Download our app and place your first order - now available on [Apple iOS](#) and [Android](#).
- 2 Visit our website ([shorebox.com](#)) to learn more - [FAQ](#) contains lots of helpful info.
- 3 We've partnered with St. Mary School to make onsite delivery convenient and easy for you. Enter code mary1 when you setup your account to unlock your private pickup options. Pickup days and times are currently Tuesday & Friday from 2 p.m. to 4 p.m.
- 4 In order to allow us time to prepare your food, please remember to place your order by noon two days before your pickup day!

That's it! That will get our delicious healthy food into your fridge. It's important to note that we're not offering a single meal service, our food is vacuum sealed and stays perfectly fresh for 5 days, so stock up! Also, preparation is simple, reheat everything in a single pot of boiling water - trust us, it's awesome :-)

We realize that this is a lot to take in, and we want you to experience everything firsthand, so we're currently offering **\$50 off your first order!** Give it a try, we'll feed you for a few nights and then you can let us know what you think - email support@shorebox.com or submit reviews directly in the app.
