

*"Ralph Wesley voice overs are outstanding and offer a signature voice for a variety of purposes. Ralph is as professional as they come, turns work around quickly, can do a variety of styles, and is a pleasure to work with. Most impressively Ralph has continued to evolve as talent and is one of the most recognizable voices in the Washington DC area!"*

*"Ralph read commercial spots for my law firm's regional ads. His voice is crystal clear, and his understanding of language is spot on, meaning he gets when reflections are needed and where emphasis should be placed. Ads are a main source of business for me; I cannot trust how they sound on air to just anyone. Thus far, the ads are working great, and having Ralph's voice is no doubt a big part of that success."*

*"We've known and worked with Ralph Wesley since 2010. His hard work ethic and attention to detail makes him a paragon of professionalism which can sometimes be rare for this industry. Utilizing his talent for our own projects always adds production value."*

Mike DuBose, KmBd Studios  
**Capitol Hill Videographer**

*"Ralph 'The Voice' Wesley is by far the best person I ever heard and witnessed to bless the microphone. Whether you hear his voice on the air, or see him in person rocking an entire basketball arena, you are really witnessing a master at work. I have hired him for voice over work for my business and many other businesses as well!  
P.S.  
If you don't hire him, you will never HEAR the end of that!"*
