House Conspiracy Artist Patronage

To our future patrons and supporters,

House Conspiracy is a new non-profit arts space, set to be **consistently available for free and low-cost rental** to individuals, community groups, and local businesses from February 2017.

In our first year of operation, **68 curated artists will undertake three-week residencies in House Conspiracy's four private upstairs studios** over 17 cycles. Each creative practitioner will have their work exhibited, performed, or read at one or more House Conspiracy showcase events.

You are receiving this letter because you are a member of the community who may be interested in supporting an artist during their residency. To enable our performers, visual artists, writers, and creative practitioners to make their best possible work no matter their own financial situation, **House Conspiracy wishes to provide each artist with a rent-free studio and small stipend** to cover some expenses associated with creating in the House Conspiracy space.

To **make a tax-deductable donation** and become a Patron of House Conspiracy is a great way of supporting artists in the local West End and Brisbane emerging arts communities.

All our Artist Patrons will have the opportunity to be recognised on the House Conspiracy website and at each artist's showcase, and your support will be acknowledged in our end-of-year publication. You will be connected with artists throughout the year.

For more information about House Conspiracy head to our website, **houseconspiracy.org**, or **facebook.com/houseconspiracy**, and feel free to contact me at any time for more information at **jonathan@houseconspiracy.org**.

Thank you for your support. We can't wait to see you when we open in February.

Sincerely,

Jonathan O'Brien
