

# My Giving Account

by Charities Trust

Charities Trust is an innovative leader in donations management.

We specialise in working with organisations, helping them and their employees to coordinate and optimise their efforts in raising and donating money for charities and good causes.

## About My Giving Account

The My Giving Account is personal online charity account that allows donors to put aside money specifically for charitable giving.

The My Giving Account gives you control over how and when you choose to support the causes you care about.

## How does My Giving Account work?

My Giving Account is a simple and flexible way to manage charitable donations.

Regular donations can be set up to support a chosen charities, or funds can be left to build up in the account so that donations can be made at any time, including charity events and in support of disaster appeals.

Online access allows users to log in at any time to view transactions, update personal details, amend regular donations and change or add preferred charities, with the flexibility to make changes at any time.

## Use My Giving Account to:

- Put money aside dedicated to your charitable giving
- Easily schedule regular donations at a range of convenient options
- Add a charity to Charities Trust's database so that we can validate and verify their details
- Respond quickly to charity campaigns or emergency appeals
- Make one-off donations at any time

- Sponsor friends and family using Sponsor Me
- Register online to check up-to-date account information, view transaction history and download recent transactions to view whenever you wish
- Give without receiving any further communications from the causes you give to, and select the option to donate anonymously if you prefer

## Choosing your charities

Charities Trust has a database of thousands of UK registered charities. If a charity is not already listed, account holders can request that a charity is added to our database.

We verify every charity to ensure that they have been established for charitable purposes.

## Funding your account

Your account can be funded in two ways:

**Payroll Giving** – set up through your employer with your donations deducted tax-effectively from your gross pay.

**Credit and debit card** – you can top up the account at anytime with a credit or debit card. Charities Trust claims Gift Aid on all eligible donations made into the account this way, potentially adding an additional 25% to your original amount.

## Charities Trust fees

There are no registration fees for My Giving Account.

For funds added via Payroll Giving, there are no charges as your donation will already have the 25p monthly donation taken off for processing your Payroll Giving.

For donations made via debit or credit card we charge a low administration fee of 4% (including on Gift Aid), which covers administration and transaction fees.

As Gift Aid is added, the charities will still receive more than the original donation.
