A Little About Jamie...

"I provide an opportunity for youth boys (majority at-risk, inner city boys) to be a part of a competitive, yet relaxed, ball hockey league, all while hearing the life changing message of Jesus Christ. It's a community of boys who can belong regardless of ethnicity, economic background, or skill level. The program is split into two leagues, a Jr. High League (ages 12-14) & a Sr. High League (ages 15-18). I also disciple young men into living relationships with Jesus Christ."
