A Little About Bethany...

"I grew up with the TeachBeyond organization, as my parents served in Brazil and Germany. TeachBeyond is like my home church, and it gives me great joy to be a part of furthering its incredible vision. Over the years I've grown to more deeply appreciate and sense the need for the work that is done across the world, and the thoughtfulness and care taken by the leadership in pursuing God's direction. I will be working with three areas; MK Care Canada (working with other Canadian Missionary Kid care organizations to support the children of missionaries returning to North America), Events Planning/Fundraising (working under the current events planning committee to bring new focus and energy to awareness-raising), and Assistant to the Director of Latin America (helping plan and organize the growing ministries in South and Central America). Education is key in our modern world to future and opportunity, and with it comes added character, discipline, empathy, and understanding. Granting this to the least fortunate is a lifeline and it opens doors to share Jesus."
